## MANY CHANGES OF RESIDENCE

### List of April Removals in Towanda and the Nine Rural Routes.

### LARGE NUMBER OF CHANGES IN THE BORO

**But Few Changes in Places of Business in the City of Promise—But One or Two Families Leave County Seat and Same Number Come In.**

There were many changes of residence in Towanda borough and on the nine rural mail routes running out of the county seat on April 1. The number of Towanda people who changed living places outnumbered those of former years by at least 25. In the business places there were but three changes: K. D. Westbrook from the Nobles block to the Carroll block, and P. J. Brennan from the Carroll block to the Kirby building next to the Ochs house. Mr. Brennan has not moved his wholesale and retail confectionery business into his new place as yet, but will as soon as the alterations to the building have been completed. ## MAN FREED, WIFE HELD.

**Another Chapter in Milan Rent Collecting Case.**

Mrs. Osa Isabelle, of Milan, was held Saturday afternoon by Justice W. T. Carey at Sayre to answer to the grand jury on the charge of larceny by bailee. Her husband was arrested on the charge, it being alleged by Mrs. Thomas, the complainant that she had rented a house in Milan to two families. Isabelle had the lower part of the house and a family named Brown lived up-stairs. Mrs. Brown paid the rent to Mrs. Isabelle, and she gave a receipt in her husband's name.

Mrs. Brown, admitted paying the money to Mrs. Isabelle, but claimed that she rented the house from Mrs. Isabelle, and supposed that she was the proper one to receive the rent. This was contradicted by a number of good witnesses. However, inasmuch as Mr. Isabelle seemed to have had nothing to do with the transaction he was discharged, but as his wife was shown to have the money she was held.

P. E. Maynard appeared for the prosecution, while the interests of the defendant were in charge of C. E. Mills.—Athens News.

## WILL OPPOSE THE GRANTING OF CHARTER FOR TOWANDA TROLLEY ROAD

### Waverly, Sayre & Athens Traction Campany Purpose to Make Intended Bradford County Traction Company Show Hand.

### EXTENSION RIGHTS ASKED FOR FROM THE STATE AUTHORITIES

**If the Towanda Capitalists Really Intend to Build Road, All Possible Assistance Will Be Given, But If the Securing of Charter and Franchise in Towanda is for the Purpose of Making a Sale, Then There Will Be a Fight.**

hearing in the application for a charter for the proposed Bradford County Traction company advertised for Monday, be postponed until such a time as all parties interested can be present and make themselves heard

**Will Oppose Granting of Charter.**

When the application for the charter comes up, the attorneys and officials of the W. S. & A. will go before the Secretary of the State and ask that before the charter is granted that the incorporators show cause and reas on why such a charter should be granted. In other words they want the Towanda capitalists to make clear their intentions in the matter.

The W. S. & A. people are of the opinion that the Bradford County

The Bradford County Traction company, which proposes to build a trolley line in Towanda borough and to Athens, will not have clear sailing for the Waverly, Sayre and Athens Traction company has commenced proceedings to make the Towanda capitalists who are back of the local company show their hand and make plain their intentions.

Lilley & Wilson of Towanda, representing the W. S. & A. company, have filed with the Secretary of State at Harrisburg an application for extension rights. It is asked that the State give to the W. S. & A. company the right to build a trolley line from Athens to Towanda on the East side of the Susquehanna river, through Towanda borough to the Towanda township line. They also ask that the Traction company have secured the franchise in Towanda borough, and are asking for the charter for no other purpose than to secure control of the trolley privileges in Towanda, and in case the W. S. & A. company desires to build an extension of their road from Athens to Towanda, they will have to buy the holdings of the Bradford County Traction company.

**Willing to Help.**

Hon. M. E. Lilley, senior counsel for the W. S. & A. company states that the company which he represents are not antagnostic to the Bradford County Traction company, in fact they want them to go ahead and build the proposed road from Towanda to Athens, where they can connect with the lines of the W. S. & A., but they don't want to be compelled to pay for rights in case they want to build the line.

If the gentlemen asking for a charter for the Bradford County Traction company will show good reasons for desiring a charter, then the W. S. & A. people will withdraw all objections and lend every assistance in the building of the line, as they claim it is to their advantage, says Mr. Lilley.

If good reasons are not shown, then the W. S. & A. people will ask that the charter not be granted, in which case the company cannot commence work on the system in Towanda borough, causing the forfeiture of franchise granted by the Borough Council, which requires that work must be commenced within one year and pushed to completion as expeditiously as possible."

## THREE MEN PLEAD GUILTY TO CHARGES.

**One Goes to the Pen, One to Jail and the Other Pays Costs.**

Three men charged with criminal offense, Monday took advantage of the law which allows defendants to enter pleas before indictment, and were sentenced at once by Judge Fanning.

John Wright of Sayre, charged with taking a $50 gold watch and $5 chain from William Hannis, pleaded guilty to the charge of larceny and was sentenced to pay a fine of $50, costs of prosecution and undergo imprisonment in the Eastern Penitentiary for a period of one year and six months. Hannis, the complainant in this case, will be tried for the murder of James Bush at Sayre, at the May term of court.

John J. Moreland of Athens, pleaded guilty to the larceny of a number of tools from the Lehigh Valley shops at Sayre, and was sentenced to pay a fine of $10, costs of prosecution and undergo imprisonment in the county jail for a period of 60 days.

Henry Haaze, another Sayre man, entered a plea of guilty to the charge of maintaining a gambling device in his place of business, the device being a coin in the slot cigar machine. He admitted the keeping of such a machine whereupon sentence was suspended upon the payment of costs in the case.

**Mrs. Richardson Gets Insurance.**

Contrary to the first reports, much of the heavy life insurance carried by Frederic Richardson, the late president of the Richardson Shoe Co., bankrupt, embezzler and suicide, of Elmira, had not lapsed and will be paid in full to the wife he deserted. He was carrying $60,000 at the time of his death and $20,000 of this has already been paid his widow by the Provident Life of Philadelphia. There are two other policies with the Phoenix Mutual and the Provident Savings of New York, which will be paid. These policies are now all incontestable on account of suicide and the money cannot be seized for the benefit of the Richardson creditors.

**State Convention.**

W. R. Andrews, chairman of the Republican party of Pennsylvania has issued a call for the Republican state convention to be held in Harrisburg on June 16. Candidates for auditor general, state treasurer and one judge of the Supreme court are to be nominated.

## "THE CRUCIFIXION" OF GOOD FRIDAY NIGHT.

**Musical Treat Promised at Episcopal Church—Benefit Packer Hospital.**

On Good Friday, April 9th the people of Towanda and vicinity will have an opportunity of hearing one of the best devotional cantatas ever composed and a great treat to all lovers of good music in Christ Episcopal church. Sir John Stainer's cantata entitled "The Crucifixion" a meditation on the Sacred Passion of our most holy Redeemer will be rendered by Towanda's leading singers, under the leadership of Mrs. W. J. Ruggles with William R. Sewall at the organ. It consists of solos and choruses interspersed with hymns in which the congregation is invited to join.

To take part in such a service whether as singers or as listeners will be a most suitable way of observing the day kept in momory of "the worlds greatest tragedy," and at the same time an opportunity will be given to the congregation to help the Packer hospital, an institution which as so greatly benefitted many of the people of Towanda. A collection will be taken for the help of this admirable institution and the congregation is asked to give liberally.

It is hoped all unable to attend will at any rate become subscribers by taking one of the cards to be obtained from the members of the choir and other church workers.

Come and spend a profitable evening, and do good to yourselves and to the sick and afflicted. Good Friday evening at 8 o'clock prompt at the Episcopal church.

## WHO IS THE CHAMPION RUNNER?

### Daily Review Will Endeavor to Settle This Question on "Old Home Day."

### WHO WANTS TO BE THE BEST RUNNER IN COUNTY?

**What Youth in This Great County of Bradford Can Make the Best Time on the Towanda-Monroeton Nine and One-Eighth Mile Course?**

The Marathon running fever has struck Bradford county, and to determine who is the champion distance runner of the county is the desire of The Daily Review. Last Saturday in New York city a number of professional distance runners competed over the regulation Marathon distance of 26 miles and 385 yards for $10,000 in gold. Twenty thousand people paid fancy prices to see this race.

In different parts of the country, in almost every city, Marathon running is all the rage. The roads are filled with men and youths who are training for a race. Now the fever has struck Towanda and Bradford county.

**Towanda-Monroeton Course.**

The Review believes it would not be wise to attempt to pull off a 26 mile race this year, but believes that enough runners in the county will enter to make a race from in front of the Ward House in Towanda, to Monroeton around the "flat-iron" and back, a distance of nine and one-eighth miles a big success.

Hundreds of people will come to Towanda on June 24 and 25 for the "Old Home Days," to be held under the auspices of the Bradford County Historical society, to be followed by "Old People's Day" on Saturday, June 26. It is proposed that the distance running championship of Bradford county be decided on June 25, the second "Old Home Day." All that is needed to assure success which means a big attendance of people is enough entries to make the race exciting.

**Gold Medal and Other Prizes.**

The Review will give a handsome gold medal to the man or youth who crosses the finish line first. This medal will signify that the winner is the champion distance runner of Bradford county.

In addition to this a number of other prizes will be offered. A number of business men have alreadey offered to donate special prizes and it is believed that enough others will come forward with donations so that every runner who finishes will receivo a prize and the winner in addition to the championship medal, will receive something worth while.

**No Entrance Fee.**

No entrance fee will be charged, as it will be strictly amateur. The conditions are easy, and rules simple. Each competitor will be allowed three attendants. These attendants may be stationed along the route, and they will be allowed to bathe face of runner, wet their lips, or refresh them in any manner possible. One of the attendants may accompany the runner in a wagon, autombile, or on horseback, the only restriction to this being that the attendant must not lead the runner, but follow so not to act as pacer. These attendants will be of great assistance to the runners, and there should be no harmful effects of the race. No person under 16 years will be allowed to compete, and no one will be allowed to start in the race without having trained for the contest. All contestants must be residents of the county.

The training is easy. Run a mile the first day, taking an easy gait, two miles the second day, and so on till you can run nine miles without distress.

First of all send your name and address, with age to The Review that you may be entered, then start training. You will be proud to be known as the champion distance runner of Bradford county. It is hoped that every school and every township in the county has a representative in this race, which will be the greatest athletic contest ever held in Bradford county.

**Fell From Train.**

Knute Gunderson, a Norweigan, 19 years of age, fell from a Lehigh freight train near Rummerfield on Tuesday morning and both legs were cut off, the right one at the hip. He was taken to the Packer hospital, where the surgeons pronounced his case hopeless. Gunderson, who was traveling about the country looking for work, went to sleep while riding the bumpers of the train and fell off on the rails. He presented a horrible sight when placed on the operating table at the hospital.

## MEMORIAL DAY EXERCISES WILL BE HELD ON SUNDAY.

**Watkins Post, No. 68 Decide on This Plan—Services at Oak Hill.**

The Grand Army Post will hold the Memorial Day exercises in Towanda on Sunday afternoon. At the Post meeting on Friday evening last, the Post voted to hold its Memorial Day exercises, on Sunday afternoon, May 30, and have all the speaking and exercises at Oak Hill cemetery, at 3 o'clock in the afternoon. At all other places where Watkins Post usually holds services, Horn Brook, Wysox, Liberty Corners, and Standing Stone, the exercises appropriate to that day will be held on Monday, May 31.

The schools will be visited as usual by delegations of veterans, preceding Memorial Day. The Post and patriotic orders will attend religious services this year at the Methodist Episcopal church.

The subject of observing Memorial Day on Sunday, has frequently been discussed, in order to make it of a more quiet and religious character, and the experiment of doing so here this year, will be watched with some interest. The exercises and cermonies to be held in the Oak Hill cemetery, this year is also an innovation, which it is believed will commend itself to the public.

## CHURCH IS A DESERTER FROM THE U. S. ARMY.

**Young Man Held Prisoner in Towanda Will Be Taken to Buffalo.**

Lewis E. Church, the young man who has been a prisoner in the borough lockup since Saturday, is a deserter from the United States army. He gave himself up to Chief Miller last Saturday, saying that he was a deserter and he wanted to be taken care of before he killed some one.

He was placed in the lockup and Chief Miller at once communicated with the War Department at Washington. Yesterday he received a letter from the Adjutant General which states that Lewis E. Church enlisted on March 17, 1906, at Syracuse, N. Y., and that he deserted the following October from Fort McKinley, Maine, while serving as a private, 23rd company Coast Artillery.

Church has been at large for nearly three years, most of the time being spent in Canada. He was 23 years of age at the time of his enlistment. He says that he knew he was doing wrong when he deserted, and the matter preyed upon his mind until he could not sleep. He came to Towanda, having relatives in this section. Of late he has been laboring under the belief that officers were following him every minute in the day and at night. Occasionally he would whirl around suddenly thinking that he was about to be attacked. When he gave himself up to Chief Miller he said that if he was not locked up he would kill some of those men following him.

He will be sent to Fort Porter, near Buffalo, where it is believed he will regain his reason when back in military life.

**Sore Throat Wisdom**

If every mother could realize the danger that lurks behind every case of sore throat, she wouldn't rest until she has effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsilitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it!

Liniments or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as **TONSILINE**. A single dose of **TONSILINE** taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. **TONSILINE** is the stitch in time.

Use a little sore throat wisdom and buy a bottle of **TONSILINE** today. You may need it tomorrow.

**TONSILINE** is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the 25 or 50 cent sized bottle when you go to the drug store to get it. The Tonsiline Co., Canton, Ohio

## DEATH SUDDENLY CLAIMS WILLIAM HENRY HAWES.

### Well Known Towanda Young Man Passed Away Sunday Afternoon.

William Henry Hawes, eldest son of the late William H. Hawes, died Sunday afternoon about 2 o'clock in his room at the New Park hotel. Death was due to an apopletic stroke caused by the bursting of a blood vessel at the base of the brain.

Mr. Hawes graduated from the United States training school at West Point in 1905. He went into the military service with the rank of second lieutenant, and was stationed at Fort Sheridan, near Chicago. While there he was taken ill, and suffered a severe attack of spinal meningitis, from which he never fully recovered. This incapaciated him from service and he was granted a leave of absence, and he returned home, where he was improving in health.

On Saturday he was feeling good, much better than usual, and believed he would fully recover. Sunday morning he arose, and went to the bath room, where he was found unconscious a short time later. Drs. S. M. and C. M. Woodburn were hastily summoned, and everything possible was done for him, but to no avail, and death claimed him at the hour stated above. The doctors made careful examination and believe that the bursting of a blood vessel at the base of the brain caused his demise.

Deceased was born at Monroeton 28 years ago. He was educated in the Towanda public schools and at West Point. He was a fine, manly young fellow, with the faculty for making and keeping friends, and he numbered them by the score. Until ill health came upon him, his future was rosy, indeed, and the opportunities before him were many. Death in its myriad forms is sad, but in this case, it is particularly so. Only recently he was promoted to the rank of first lieutenant in the United States army, a goal in military life coveted by many. His untimely death will be sincerely mourned by a legion of friends.

Deceased is survived by his mother, Mrs. Catherine B. Hawes, and one brother, Lawrence B. Hawes of Jennings, Maryland.

Mr. L. Roland Bishop of Scranton, Pa., says:—"On the 7th of this present month, as was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at four o'clock I could not hold a pencil in my hand. I returned home at five o'clock and purchased a bottle of Sloan's Liniment and used it five or six times before I went to bed, and the next day I was able to go to work and use my hand as usual. I thought sure I would be laid up, and as we are busy I was very much worried. I cheerfully recommend Sloan's Liniment to all persons who may injure themselves in any way."

## TROLLEY FOR WAYNE COUNTY.

### System to Be Constructed Connecting Important Towns.

Wayne county is to have an electric railway system built by the Lackawaxen Valley R. R. Co., a concern which is composed of capitalists from Wayne county and New York city. The company intends to construct and operate an extensive trolley system throughout Wayne county, which at present cannot boast of an electric system.

The new trolley line is to be built from Hawley to Honesdale and thence to Seeleyville, three miles from the latter place. The road will later be extended from Seeleyville to Waymart and Fairview, where the new state asylum is being constructed. The road will from there be extended through South Canaan township past the monastery of the Greek Orthodox church to South Canaan Corners and Georgetown, on to Lake Ariel, and from there to Hawley, thus forming a monster loop that it will take a trolley car about two hours to traverse.

## KEEP APPROPRIATIONS DOWN

We shall know in a few days whether or not the legislature is going to make a fool of itself by appropriating a lot of money that the state hasn't got and won't have. Two years ago the legislature "sailed in" and gave away funds that existed only in the imagination of the men who voted it, and then Governor Stuart took his veto ax and scaled their generosity down until the cash donated came within the bounds of the funds known to be available. It is distinctly remembered that the old soldier was made one of the mock beneficiaries by these large hearted legislators. They gave him a state pension when the state didn't have any money to pay it with, and the governor vetoed the bill.

A total of $60,000,000 in appropriations is asked from the legislature for the next two years, according to chairman Woodward, of the House Appropriations committee. With state officials adhering to their calculations that not more than $42,000,000 revenue will be available, Chairman Woodward says that the legislature must slash appropriations to the extent of at least $18,000,000, or the necessity of such a reduction will be forced upon Governor Stuart.

It is the duty of the legislature to keep the appropriations within the state's revenue. It is discreditable to the state to have appropriations authorized by act of legislature refused payment because the treasury is empty, and fortunately we have a governor who will not permit it. At least he did not permit it two years ago, it is believed he will not permit it now. If the legislature makes appropriations of $18,000,000, or any sum in excess of the state's probable income, as the bills now pending threaten, the governor will probably cut them remorselessly, as he did two years ago. It is disgraceful for the legislature, whose committees have exact information on which the appropriations are based, and who know, or can know approximately how much money will be available, to throw the task of adjusting expenditure to income on the governor. It is not smart to make the governor use the ax just because he has it. As the legislature is booked to adjourn by April 15 we shall see shortly whether the lawmakers will be wise or foolish.

George Nowyokot, who was judge of election at Archbald, in Lackawanna county, has been sentenced to serve one year in the county jail, and pay $200 fine and the costs of prosecution. He was convicted of falsifying election returns last November. Good enough for him. Or rather not bad enough for him. We note his conviction and punishment with pleasure. All he did was to add 53 votes to the total of a candidate for county commissioner whom he wanted to help but we wouldn't have cared if the judge had given him 53 years in the penitentiary. So despicable, so dangerous, so deadly, so utterly destructive of the fundamental principle on which this government is founded is fraud in the count of the vote that every American should stand with scourge in hand ready to chastise the offender. There must be an honest vote or there will be no government, and evil be to him who corrupts the ballot.

A writer in the Argus warns the country against extravagance and corruption in government and says the French Revolution occurred" within the lifetime of some of us." There must be some very old people living around here.

From what we can glean of the reports from Harrisburg, we have about as much right to be proud of Susquehanna county's member in the Legislature, Hon. E. E. Jones, as any county in the state.—Montrose Republican judicial election. Is there a lack of we should say you had a better right.

The Village Improvement Society is showing the proper spirit in going after the San Jose scale. This pest is bound to destroy tree life, and the sooner it is destroyed the better. People with infected tres should notify the Village Improvement society at once that the trees may be sprayed and the scale destroyed.

Our lawmakers have a little fun while at work for us at Harrisburg. When the sheep killing bill, a measure designed to remunerate owners suffering loss by dogs, was reached in the House, Mr. Rockwell, Tioga, sent to the chair a motion that all in favor of the bill bark like a dog and all opposed to bleat like a sheep. It is not recorded that a vote was thus taken. The record of the fun did not get past the Speaker.

## JUDGES' SALARIES.

The lower house of the Pennsylvania legislature has judged that a time when the wages of many workmen in the state have been reduced is a good time to increase salaries. On Monday night, by a vote of 126 to 62, it passed finally the Salus judges' salary increase bill.

The bill gives to supreme, superior and common pleas court judges increases that will amount to nearly $400 000. To common pleas judges in counties in the class to which Bradford county belongs the salary is raised from $5,000 to $7,500, an increase of one half. We are glad to be able to record that Messrs Moscrip and Mills, our representatives, voted against the bill. To secure the passage of this measure the influence of the political leaders was exerted to the utmost, and so powerful was this influence that it prevailed. The members who voted for it had nothing to say in its favor for the sufficient reason that there was nothing to say. They simply voted and didn't care to talk about it. Only two men raised their voices in defense of the measure—Dempsey of Lackawanna and Magee of Pittsburg. All they could say was that they thought the proposed increases were justified. The news dispatch s say that a hard fight was made against the bill and that it was most bitterly attacked. It will now go to the senate and it is believed it can be passed there more easily than it was in the house, as the influences which are back of it have the situation in better control in the upper than in the lower house. Then it will go to the governor, and in him now rests the hope of its defeat. What he will do is in doubt, but he has shown that he is against increasing expense and is not afraid to use his power of veto.

Consider the merits of the measure as it applies to Bradford county. In the name of decency what excuse is there for increasing by one half the salary of the judge in this district? We are coming on toward another judicial election. Is ther a lack of candidates because of insufficient pay attached to the office? Has it ever been urged that the pay was insufficient, or has such an idea ever entered anyone's skull?

If the bill becomes a law the salary of the judge in this district will have been practically doubled within a period of ten years. It was raised from $4,000 to $5,000 but a few years ago.

## CHANGES IN NEWSPAPERS.

In some public schools the pupils read newspapers every day as a part of their course. They read selections aloud, and are asked to explain what the news means. If they do not have the correct idea the teacher makes it clear to them. This is only an instance of the parts the modern daily newspaper plays in twentieth century life. Thirty years ago such an innovation would have been frowned down in short order. But not alone in the news and mechanical features is there a difference, says the Williamsport Sun. The change in advertising methods in three decades is so great as to amount to a revolution. More space is used, and every line of it is made to count. In former days any old way was good enough for an advertisement, but now the higher literary and artistic talent go into their preparation, and the whole blended with business brains makes an effect that is profitable to all concerned.

It interests the customer, enables her to buy to better advantage, and by enlarging trade makes it possible for the merchant to advertise largely and still sell at lower prices than the firm that does not advertise. The Sun today, with its readers in more than 12,000 homes, carries advertising that for interest and effectiveness is unsurpassed.

## A HOPEFUL PROPHECY.

Senator Penrose said on Sunday: "The tariff bill will be through the House in the next ten days and the Senate will dispose of it in one month. We appreciate that the country demands speedy action and will respond to that demand." This is the kind of talk the country wants to hear, and if the national lawmakers will live up to it and put it into practical effect the business interests of the entire land will raise up and call them blessed. There are many signs of a revival of trade, and the country waits for the tariff bill.

In referring to the record of the present legislature the Philadelphia Press says: "It has pretty generally been the custom to put off action on many important matters until the last two or three weeks of the session, but the present legislature has beaten the record for that sort of delay. It is going to make everybody hustle to get through what are regarded as the necessary appropriations, unless it is intended to extend the session."

These are the last days of the legislature of 1909, and it is more than likely that it will have no time to spend on the Reynolds civil service reform bill which was reported last week. It is likely it wouldn't devote time to it if it had a plenty, for civil service reform is a cause that has to beg for a hearing and is not popular at Harrisburg. Nevertheless let it be remembered that legislation of this nature was promised by the Republican platform, urged by Governor Stuart, and the people of the state are in favor of it. The state of Pennsylvania has 5,000 servants who under it would pass under civil service reform.

### A. J. L. Cotton Again.

The Sayre Times-Record thinks that the county commissioners ought to purchase the big share of county supplies of the merchants at that place. This isn't the only queer thought the rotund editor of the Times-Record has ever expressed.

## UNCONSIDERED TRIFLES.

"A Chinaman will live on what a Frenchman throws away; a Frenchman will live on what a German throws away; a German will live on what an Englishman throws away; an Englishman will live on what an American throws away." We are the most wasteful people in the world. This, says a writer in Success Magazine, is so much the better for those who deal in our waste. The humble junk business, the trade of unconsidered trifles, has prospered in America more than in all other countries. In Boston lives a dealer who has accumulated more than a million dollars; several of his competitors could sign checks in six figures. The leading dealer in Providence, who handles nothing but scrap iron, is worth half a million. Philadelphia has two junk millionaires and a cluster of near-millionaires. One of these Philadelphia dealers has half a million invested in buildings and equipment alone. Ground in New York is too costly for many large warehouses or iron yards, and most of them are located in New Jersey. Scattered over that state are a dozen dealers who have made fifty, one hundred, two hundred, five hundred thousand dollars from that which the metropolis has thrown away. One of these New Jersey dealers recently bought the greatest "lot" of junk ever handled in the world's history—the old iron and refuse which the French abandoned at Panama. The original cost was about twenty million dollars. What was the tune of the mere song he paid for it, or how much he has made by selling off the scrap iron and metal, no one has ever dared to estimate.

## IT'S UP TO YOU.

The following from the Carbondale Leader, forceful and truthful as it is, is just as applicable to Towanda as to Carbondale, or any other towns on the map:

Don't sit around and damn your town.

The town is just as good as the man who damns it.

Every town is just what its citizens want it to be.

A desire on the part of a people for a better town is a prayer that is always answered.

The advantage of one town over an other are the results of the people rather than natural conditions.

In any event, it was the people who first saw the natural advantages—frequently some individual saw them first.

There is no reason why Cleveland should have been the oil center of the world. There are no oil wells there, and shipping facilities are no better than a dozen others so far as oil is concerned. It was simply John D. Rockefeller. He wanted to live there and his personality, his individuality brought the oil to him in pipe lines.

There is no reason why Boston should be the shoe manufacturing center of the world. No hides are there—they are all shipped from the west. Simply some man who knew how to make shoes on a large scale wanted to live there, and his success started others along the same line.

There is no physical reason why Chicago should have been the beef packing center. It might as well have been St. Louis. Simply old Phil Armour wanted to live there.

In nearly every town one visits you hear residents say: "Aw, this ain't nothin' but an over-grown county town."

The resident of any town who makes such a statement wears whiskers and boots on his own heart.

This Bermuda trip that seven Bradford county young ladies are going to take at the expense of the Towanda Printing company is attracting attention way out beyond the confines of the big county. When the contest is ended it is expected that President Taft and all his cabinet officers will be subscripers to The Review or Reporter-Journal. If they get away from the young ladies soliciting subscriptions for these papers they will have accomplished something out of the ordinary.

What is benzoate of solda, of which there is so much talk, and which our State as well as the National Government wants to allow the manufacturers of canned goods to put into their products? It is a tasteless, odorless product of coal tar, used in various diseases. It is not a food, but a drug. The Chief Chemist of the Government pronounces it poisonous. Several other scientists gave it to some hearty young men in small doses for a short time, and because it did not hurt them they now prenounce the drug harmless. But, whether poisonous or not, why shall manufacturers use it in their canned foods? It is true, they are compelled to mention its presence on their labels, but they put it into very small type, and where it is hardly visible. Why force such stuff on the people? Asks the Lancaster New Era. We echo WHY?

The ordinary man who is employed indoors does not walk enough. He needs the fresh air and the sunshine of the outdoors and, no matter how tired he may be a short time in the open air will revive him. If he has no opportunty to walk during the evening he ought to do it in the morning. There is no better tonic than a two-mile walk before going to work. Some business men who live distances from their offices or stores walk to work regularly every morning and are greatly benefitted. No matter how sluggish they may feel the morning walk puts them in good trim for their work. Exercise in the open air starts the blood in circulation in every artery and vein in the entire system, opens up the pores of the skin so that the waste matter of the body may be set fre, limbers up the joints and muscles and puts one in shape for the duties of the day.

# MORE PAVING TO BE DONE

## Town Council Decides to Pave With Brick From Bridge to Washington Street.

## MORE STREET LIGHTS WILL BE PLACED

**Special Police Officers Appointed by Burgess Frost and Confirmed by the Council—Number of Applications for Position of Street Commissioner.**

Town council, seemingly imbued with the "go ahead spirit" which is attacking the people of the City of Promise right and left Monday, night at the regular monthly meeting of the body decided to pave Main street from the North side of Bridge street to the South side of Washington street, about 2,000 yards.

Burgess Frost, who was in attendance at the meeting, addressed the members of council, calling attention to the excellent financial condition of the borough, and said that he desired very much to see Main street in better condition. He recommended that a brick pavement be laid from Bridge to Washington street. He wanted to see the street paved to Franklin street, but thought that to pave to Washington this year could be done without distressing the borough and without going in debt, and that perhaps next year the pavement could be extended. Mr. Frost's suggestion met with hearty response, and after the matter was discussed for some time, Secretary Lane was authorized to get samples of paving brick, and look into the matter of prices on other materials to be used. As a large sum was saved by paving Main street from Court to State street by day work instead of contract, the new stretch will be laid the same way.

### Additional Street Lights.

The street committee made the following recommendations for changes in street lights and additional lights:

Intersection of Poplar and Mechanic streets.

Western Ave. and Mulbery.

Near Kirby residence, Poplar, and light near R. M. Welles moved farther west.

West end of Chestnut.

Huston at end of Watts.

Opposite W. B. Gunton and near Mrs. Carroll's residence, York avenue.

Intersection of Kingsbury Ave. and Hawes.

Up Pratt Ave from William.

Railroad St. near Barclay depot.

Third St. near College Ave.

Fourth St. near John Welch dwelling.

Second near Bridge St., and light at Elizabeth set farther South.

The committee report that while many more lights are needed, the above are absolutely needed. The report of the committee was adopted and the lights will be added, and the changes made.

### Special Police Appointed.

Burgess Frost recommended the following named citizens as special police officers, and they were confirmed by council:

George B. Sammons, John Barrett, P. C. Gori, Joseph W. Campbell, John E. Graham, Arthur P. Watson, Victor E. Pennell, A. R. Brutzman, Fred R. Mitten, John O. Baker, Porter Northrup, William H. Kane, George B. Winters, J. H. Harris, Jacob Alles, E. A. Coolbaugh, Guy C. Hollon, Aaron Eddy, and Albert B. McCraney.

A motion was made to strike out the names of Guy C. Hollon and P. C. Gori, but was lost by a vote of 5-4, and the entire list was adopted.

### Street Commissioner Aspirants.

The following gentlemen made application for the position of street commissioner: M. C. Gerould, E. A. Hainsworth, A. R. Brutzman, H. H. Bentley, John Fitzgerald, and J. L. Morey. The appointing of a man for this position was deferred until a later date.

### Sewer Matters.

J. B. Connolly made application to the borough for a 100 foot sewer to his place on Fifth street. The matter of sewers in that vicinity and also sewer privileges along Cash creek was discussed at great length with the result that the sanitary committee was ordered to make an investigation into the conditions and report at the next meeting of the council with recommendations.

### Change in Phones.

Upon motion, it was decided to discontinue the use of the Independent telephone at the end of the present quarter. Bell phones will be placed in the council room and also in the residence of Chief of Police Miller instead of the Independent phones now in use.

A motion prevailed instructing the secretary to compile the borough ordinances with a view of having them printed in book form.

### Bills Paid.

Bills amounting to $1,492.17 were approved by the finance committee and ordered paid, as follows:

| | |
|---|---|
| Streets | $ 61.66 |
| Lights | 187.58 |
| Water | 750.00 |
| Police Salaries | 160.00 |
| Repairs to Lockup | 252.18 |
| Miscellaneous | 80.75 |

Every spinster knows how to manage a husband, but—

# NEWS OF THE GRANGES

**Conducted by A. T. LILLEY**

Sixty-five new subordinate Granges were organized in the United States during February last. This is the greatest number added in any month during the past thirty-five years.

The Legislative Record is being read with more than common interest by members of the Grange. Files of this publication of proceedings of presest session of the legislature are preserved in more convenient form for further reference.

One of the "much talked about" questions is the unusual amount of maple sugar and maple syrup made this spring, when the prevailing opinion during years past has been that a mild winter with little severe cold weather is detrimental to a fair production.

Every friend of the King road drag is ready to say the present condition of the road is very favorable to its immediate use. Some are making good use of time, while others are delaying too long.

Every well regulated society is governed in its deliberations by what is commonly known as "parliamentary rules." A failure to have a fair knowledge of them frequently causes friction that brings discord, so it is noticed with pleasure that some of the Granges are picking up along this line. Succes is assured when each strives to gain strength for co-operative improvement.

The very many amendments to the school code plainly show that there are many who have been listening and thinking since its first production and still there is more room for thought If we are to judge from present indications. The subject is of great importance and the people ought to have a fair opportunity to study the bill thoroughly and then have a voice in its adoption or rejection.

The Grange element in the legislature, of whatever political party, has shown much activity at Harrisburg during the present session, but judging from communications received its reward will not be in accord with the agricultural wishes of the state.

If it were not for the amendments to the Jones or Granger road bill the farmers ought to be pleased with it because it appears to be the fairest one presented on this question. A large majority of the farmers prefer the work road tax, but doubtless a majority of the masses choose cash road tax, so if any change be made it will be along that line. The amendment leaving it optional with the supervisors as to whether they work on the roads themselves or appoint road masters for every five or more miles will create confusion.

The reckless destruction of the forests has so exasperated some of the people that reactionary methods are proposed that might create much unnecessary inconvenience to every farmer, yet it is admitted by every thoughtful person that some restrictions ought to be made on the present wholesale slaughter of timber.

The following queries were discussed at a recent Grange meeting: "Which is of the greater importance to the farmer music or mathematics," "music or grammar," "music or writing." Of course the idea in olden times was "the three Rs," reading, writing and arithmetic, took the lead as the all-important studies essential to the welfare and advancement of any people engaged in any of the activities of the times. It was not shown that times have changed on this subject.

A short time ago an explorer stood on the Palmer lookout on the mountain at a point directly south from Mount Pisgah. As he looked along the mountain towards the east then Armenia mountain to a westerly direction he ventured the opinion that this basin with its three erosions in its rim was formed by oceanic waves. As we viewed the basin with its geological center at least 3,000 feet below the geological elevation of Pisgah, Armenia and Towanda mountains, and noted the rocks all along the Towanda creek valley on the north of the stream stand at an incline of from an angle of thirty degrees to a vertical position and that this breakage of the earth's crust extends nearly all the way from the Wysox fauts to the western part of the county in a nearly direct line and also noting that the rocks in the northern part of the basin extend downward more gradually as we proceed toward Pisgah. This breakage and folding is a part of the work done by the breaking of the crust of the earth to form the great Apalachin mountain system. Since this great convulsion the glacial system filled up many a great fissure by scoring off the ragged hilltops to help make this region a fit place for the abode of man. Pisgah's top and sides and the polished and grooved rocks lying just beneath the soil on all the mountain tops in this section show that the great glacier of this region moved a little west of south. While crushing and grinding the great mass of rocks that had been broken up streams of water, sand and gravel were flowing toward the Susquehanna and down the Lycoming thus carrying away much of the then broken mass south of Pisgah. Even to this day the glacelal markings may be seen near to the top of the north sides of the mountain, showing enormous weight necessary to such erosive work.

## FIRE AT SHINGLEHOUSE ENTAILS $40,000 LOSS

### Great Excitement in Potter County Town—Explosion Starts Things.

The town of Shinglehouse, Potter county, about twenty miles northwest of Coudersport was threatened with total destruction Tuesday night by a fire that broke out in the general store of W. A. Nicholas & Son. An explosion of some kind occurred in the Nicholas store and the flames spread rapidly that the occupants of the upper stories barely escaped with their lives.

To add to the confusion the water main that supplies the town broke and left the firefighters helpless until they could arrange to use the water from the Palmer Window Glass Company's reservoir. Assistance was asked from Olean, but at 9 o'clock the fire was under control.

The following are the losses: W. A. Nicholas & Son, building and contents $20,000; Oswayo Valley mill, $8,000; George Hawtry's residence and contents, $4,000; Commercial hotel, $8,000

## BATTLE SCARS.

### Two Local Gentlemen Who Served The Country Well.

Charles Scott of Liberty Corners, one of the Bradford county jury commissioners, was in Towanda Thursday. Mr. Scott was the color bearer, carrying the flag of the 141st Regiment, Pa. Volunteers in one of those terrible charges in front of Petersburg, Va., nearly 45 years ago. He was severely wounded in the hip and thigh in that charge. He was only a boy then, while now he has to walk with a cane, and one leg is nearly paralyzed as the result of that wound.

The men and boys who in those days did such heroic fighting and carried the flag of the Union through the Confederacy, if now living are the old men, and their wounds and scars of battle and their service, has made them prematurely old.

There is another veteran in Towanda, who as a result of a sunstroke he received while in the service, has not been out of his house for 14 or 15 years. That man is S. Mott McClen. These facts will no doubt be news to many people.

### Taken to the Hospital.

Says the Sayre correspondent of the Athens News: "A man named Ackley who lives across the Susquehanna river from Standing Stone was brought to the hospital Thursday morning suffering from a very bad injury to his right leg. He had driven to a place about four miles from his home where he had loaded a wagon with furniture and in alighting from the wagon his leg caught in the brake resulting in a severe laceration which was about eight inches long so tearing the flesh that the tendons were laid bare."

### Who Knew Jas. McElwain?

Catherine J. McElwain, window of James McElwain, of Company K. Fiftieth New York Volunteer Engineers, lived, about the year 1896, in Wilawana, Bradford county, Pa. This lady was a pensioner of the United States government until 1896, when her name was dropped from the rolls, Sept. 30th, 1899, on account of failure to claim pension for three years. Any of her relatives or friends in Wilawana, or any one who knew James McElwain during his life time is requested to write George Norris, 43 Union street, Jersey City, N. J.

In three exhibition games played by Dallas against the New York Nationals, Strait was eleven times at bat and made five hits, two of them off the mighty Christie Mthewson, and made only one error in the three games. Dallas played three games with the Washington Americans, Strait being seven times at bat. He made three hits, one of them a three-bagger, and had no errors.

### Warning to Merchants.

Look out for the flim flammer who want a $10 or $20 bill changed for ones or twos, "it is so much handier to send large bills by mail," Before he's through with you, you'll have neither large nor small denomination notes. He'll have them all. Several Sunbury merchants were taken in recently. The details of the scheme are not necessary. Just don't get interested in any stranger who wishes to swap your notes to make change.

### "Just as Good."

The Lehigh Valley company advertises "Glen Summit spring water used exclusively on its dining cars," and every day the porter jumps off when the train stops at the Tunkhannock station and fills his bucket at the hydrant. Though it isn't Glen Summit spring water, it is "something just as good," as the druggists say, says the Tunkhannock Republican.

## NO APPROPRIATION FOR PACKER HOSPITAL IN SIGHT.

### Bill Was Not Appropriated by the House Committee.

Says the Sayre correspondent of the Waverly Free Press: "Tuesday the House appropriations committee reported 125 bills, which carry with them appropriations varying from $5,000 to $25,000 for state charitable institutions including a number of hospitals which receive aid every two years from the legislature. The name of the Packer hospital of Sayre, however, does not appear in the list of bills reported yesterday, and as there has been a request of the legislature to oppropriate $25,000 this year the fact that the matter is still resting in the hands of the committee has caused some surprise in Sayre. While there seems to be no reason why the appropriation should not be granted there also seems to be no reason why it should have not been reported along with the others. When the fact was called to the attention of one of the trustees of the hospital Tuesday afternoon that official said that the only reason he could assign, was that it had not been reached by the committee, and that it would probably make its appearance later.

"Two years ago the legislature gave the Packer hospital $25,000, but of course this money has all been expended in improving the hospital building. More improvement is needed too this year, in order to keep pace with the patronage of the institution, and a request was made for the same amount this year. Two weeks ago the Hon. Moses Shields, state senator from this district, was sent to Sayre as a special legislative committee to investigate the needs of the hospital. Mr. Shields gave the building a thorough inspection, but he did not enlighten any one as to the report he would make to the appropriations committee. A week ago several officers of the hospital went to Harrisburg and appeared before the committee, but of course they came back with no definite information as to what would be done. The officials of the hospital, however, do not appear worried and say that the matter will come out all right in the end and that the hospital will get the appropriation asked for. The citizens of Sayre will hope that their conclusions are correct."

### Attended Funeral.

Those from out of town in attendance at the funeral of the late John Scanlan Thursday were Mr. and Mrs. Nathaniel Nagle and family of Newark, N. J., Mr. and Mrs. John Scanlan of Brooklyn, N. Y., Mr. and Mrs. John O'Neil of Hartford, Conn., Edward Daugherty of Susquehanna, Mrs. Kate Gloven of Waterbury, Conn., Mrs. Mary Mullen and Eugene Mullen of New York, George Gasner of Buffalo, John and Margaret Gallagan, Miss Katherine Slavin and Miss Nellie Slavin of Sayre, and Miss Mayme Scannell of Athens.

### Officers of the Red Men.

The following elected officers of the Towanda Tribe No. 359, Improved Order of Red Men were installed Thursday night by District Deputy Great Sachem F. H. Johnson: Prophet—Alfred Norconk; Sachem—Neil MacNamara; Senior Sagamore—A. W. Hoffert; Junior Sagamore—Charles Lake; Keeper of Records—Thos. Curran; Keeper of Wampum—F. H. Hagerman; Collector of Wampum—J. M. Chamberlain; Trustees—J. H. Carman and Arthur Watson; Delegate to State Powow—E. A. Hebert; Alternate—F. H. Johnson.

### Burlington Hotel Changes Hands.

Otis L. Burnett of Towanda, has purchased the Burlington hotel at Burlington, of Jud Wigsten and will take possession as soon as the transfer of license is made. This is one of the best country hotels in the county, and enjoys a good patronage. Mr. Burnett has had much experience in the hotel business, having been connected with several Towanda hostelries and only recently resigned as bartender at the Ward House. There is no reason why he should not enjoy the same liberal patronage at Burlington as has been accorded Mr. Wigsten.

### Troy Horse Market.

Says the Troy Gazette-Register: The horse market has been unusually active the past week. W. S. Sweet has sold his chestnut carriage horse to Frank Buck of Leona, Stephen Kenyon his gray colt to D. F. Pomeroy; W. W. Kennedy a bay mare to Dr. J. W. Parson of Canton. And Andrew Jones a pair in place of which he has a well matched span from over near Mainesburg.

### Likes the Road Drag.

The capabilities of the split-log road drag were never more forcibly demonstrated than on Main street in this village last Tuesday afternoon. One round trip through town transformed the highway from a sticky, rutty, and bumpy abomination into a road nearly as smooth and agreeable as the macadam. Will Smith was the operator; more power to him. Come again, and often, at this season.—Millerton Advocate.

## SCRANTON SALOONS TO TEST COURT'S POWER.

### Will Keep Their Places of Business Open All Night.

The Retail Liquor Dealers' Association of Scranton at a meeting on Wednesday evening of this week, voted to ignore the order of the county court directing that all bars should close between midnight and 6 a. m. The order was made a year ago on petition of Mayor Dimmick. Application was made by the liquor dealers at the recent session of license court to have the order recalled. The court refused. In Luzerne county an organization of reformers petitioned for the midnight rule there, but the court refused it, saying the Brooks high license law prescribed when the saloons should open and close and it was not for the court to amend the law.

On the strength of this ruling the Scranton liquor dealers decided to test the validity of the early closing order.

### Deal in Cattle.

C. S. Jakway, the well known cattle dealer of Wysox, last week purchased a number of fine, fat steers of George R. Hill of Towanda. They were raised on the Hill farm at Powell, and are beauties. Mr. Jakway sold the cattle to parties at Wyoming, and they were driven there for slaughter.

### "The Private Secretary."

"The Private Secretary," a rip roaring farce comedy in three acts will be given in the Keystone opera house by Towanda talent on Friday evening April 16. The cast has been rehearsing for the past two weeks, and now are rehearsing every day for the production. The play will be given with perfect stage settings, and costumes, making it as complete as if played by professionals. Those taking part are some of Towanda's best known people, and that they are talented thespians has been proven on several occasions in the past when they produced plays and comedies. The entertainment will be under the auspices of the George Clymer Chapter, D. A. R., and the proceeds will be used by the Chapter in a good cause.

### Knows Not of Father's Death.

A pathetic incident in connection with the tragic death of John Scanlan, who died on the Lehigh tracks at a point about midway between the East Towanda station and the railroad bridge last Monday evening, is the fact that his son, Patrick Scanlan, has not yet learned of his death. Patrick Scanlan is at Panama, having been there for some time. It would have been out of the question to have delayed the funeral until he could have reached Towanda, and so it was not deemed wise to notify him by cable. A special delivery letter was mailed Tuesday morning but as it requires eight days for mail to be transmitted from here to Panama, Mr. Scanlan will not learn of his father's tragic death until the latter part of next week.

### Canton Factory Improved.

Says the Canton Sentinel: "The Belmar Manufacturing company has made a number of improvements at the factory this Spring, which will enable them to conduct their large and increasing business with greater facility. The capacity of the ware house has been more than doubled, a special No. 5 Prouty wood printing press, which prints on wood from brass type has just been installed, and hereafter orders for garment hangers with name and address of buyer may be printed on them in first-class style. A 15 horse power Otto gas engine arrived on Monday and will be in position this week. It will be used for night power for electric lights and will effect economies in night power."

### An Old Book.

S. H. Sperry, formerly of Towanda, now a resident of Sayre, has a book which is at least 117 years of age. It belonged to one of his great uncles, and on the first leaf is inscribed "Deacon Phineas Peck, His Book, Bought July 24, 1793, Price 6-9d." Six shillings and nine pence equals $1.62 in our money. The book is bound in leather and contains "The Whole Work of the Reverend Mr. John Flevel, of Dartmouth, in Devon, England." As the book was purchased by Mr. Sperry's relative in 1793, it may be a few years older than that date.

### Will You Help.

The Secretary of the Historical Society of Bradford county is getting many letters from former residents of the county signifying their intention to be present at "Home Days" in June next. Don't forget to hand to the Secretary the names and addresses of your friends, in other parts, you want invited. The success of "Home Days", June 24, 25 will depend largely on the interest and work done by all the members of the Society, the people of Towanda and Bradford county. Will you help?

### Will Meet in Towanda.

The annual business meeting of delegates and officers of Bradford County Soldiers and Sailors encampment will be held at Watkins Post Hall, Towanda, Monday, May 10, 1909, at 2 o'clock p. m. for the purpose of fixing the date and place of meeting for this year's encampment. A full attendance is requested. By order of Giles M. Coons, Commander.

### His Heart Disease Cured.

For fifteen years Otis Layman, of Coudersport, was treated for heart disease. He was unable to lie on his left side or use his left arm. The pain increased, an examination was made and a piece of needle two inches long extracted.

## NEW SCHOOL CODE HAS BEEN SIDETRACKED.

### After Being Killed, Law is Revived and Then Put to Sleep Again.

A news dispatch from Harrisburg says: After being virtually kicked out of the House, the voluminous school code on Wednesday was jerked back, the vote by which it was defeated on second reading was reconsidered and the code placed on the second reading postponed calendar, there to probably remain for a period of two years.

There could be no mistaking the attitude of the House regarding this all-important proposition of revamping the school laws of the State of Pennsylvania. A great majority of the members showed themselves opposed to it at the outset by refusing to agree to the very first section of the bill. So overwhelming was the vive voce protest against the first section that Speaker Cox decided summarily that the bill fell. And the "noes" came in such volume that not a man protested the decision of the chair.

Before the members had time to recover from the surprising defeat administered—and both friend and enemy were surprised—Representative McClain moved to reconsider. After a prolonged debate, in which many opponents of the code voiced their sentiments, the Lancaster member supplemented his motion to reconsider by the promise that if the bill was placed on the postponed calendar a resolution would be offered recreating the commission, with a view of getting a report in 1911. This was satisfactory and the motion prevailed, a few, however, voting in the negative.

Smith of Crawford county led the battle against the bill. When it was directed to be taken up by the speaker at the hour fixed in a special order, Smith immediately presented a resolution that the code be referred back to the legislature of 1911.

### Mr. Moscrip Took a Hand.

In the fight against the salary raising bills, cross state highway, and other measures in the House of Representatives, Hon. George Moscrip of Bradford county took a hand. In reference to the bill to increase the salaries of judges. Mr. Moscrip said he had been almost convinced by the eloquence of the gentlemen who had spoken for the bill, but that when he paused to consider that it was only recently that two men who had aspired to the bench in one of the districts of the State had filed election expense accounts showing that they had spent $22,000 in their efforts to be elected, and that when he remembered the large number of men all over the State so anxious to "get in at the poverty rack," he could not bring himself to believe the increase necessary, and so he would vote against the measure.

### Money in His Shoe.

A gent from the tall pine and blazed trail came to Towanda Thursday and in the evening had acquired a full head of steam. He was placed in the new lockup to cool down, and Friday morning when arraigned before Burgess Frost made an offer to settle for $1.30 which he claimed was the extent of his pile. The burgess said a five spot would pay the bill, including fine and costs, and Chief Miller suggested that the lumberman dig down in his shoes and produce. He did and fished out a roll of greenbacks which would choke a mule. The $5 was paid and the lumberman went his way rejoicing.

### N. P. L. Officers.

At the regular meeting of Towanda Legion, No. 4, N. P. L., on Tuesday evening, the following officers were elected: Past President— Miss Nellie Mercur; President—Rowland Kaye; Vice President—Ida Norconk; Secretary—H. C. Creveling; Treasurer—E. C. Irvine; Chaplain—Mrs. Frances Kapp; Conductor—Mrs. Alma Creveling; Guard—Mrs. Georgia Stedge; Sentinel—Mrs. Laura Johnson; Organist—Ruby Creveling; Trustee—A. H. Burchill, 18 months; E. W. Gaylord, 1 year.

### Exercises on Sunday, Perhaps.

May 30 this year, Memorial Day falls on Sunday, and the Grand Army Post here is considering the propriety, of holding the Memorial Day exercises on Sunday afternoon at Oak Hill cemetery, at 3 o'clock, so as not to interfere with the churches and Sunday schools. If this plan is adopted, the ministers of the churches will be asked to participate. In this way it is thought the exercises of the Memorial service will be of a quiet and religious character.

### Eighty Tramps Given Lodging.

During the month of March, eighty tramps were given lodging in the Towanda borough tramp room. They applied to the police and burgess and were gladly given a warm, comfortable place to sleep during the cold nights. These men were not all professional tramps as some were tradesmen going from one place to another in sarch of employment. Of the better class of wanders are those who ask for lodging from the police of the towns which they visit.

### The Honest Proprietay Medicine.

fills a national need in the land and it will take more than the cry of "fraud" and "fake" from the avaricious, over-reaching physician to overthrow an honest reliable and standard preparation like Lydia E. Pinkham's Vegetable Compound, which is made from the roots and herbs of the field and has cured more women of female ills than any other remedy we know of.

## SPLENDID VEIN OF COAL DISCOVERED NEAR RINGDALE.

### Another Good Find of Fuel in Sullivan County—Deep Vein.

A special dispatch from Laporte, Sullivan county, to the Williamsport Sun, says: "A five and a half foot of vein of coal has been discovered at Ringdale, at the foot of Ringer hill, midway between this place and Dushore, and the people are much excited. Some time ago seach for coal was started on the top of Ringer hill, but the work was abandoned when a rock formation was struck. Recently a number of farmers in this section formed a company, with a capital of $1,000 and digging was again started, this time at the foot of the hill. The same streak of rock was encountered but was drilled through and the coal was discovered underneath. The vein is five and a half feet thick and gives evidence of being of considerable length. In addition magnetic iron ore was also discovered. The find was made on the Ringer estate's property, and David Utz of Dushore, who is executor of the estate, intends building a hotel on the land.

"An opening in an outcropping has also been made near Sones camp, on Rock run. It shows seven feet of coal and coal dirt."

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

### Will Play Ball With Holyoke.

Will McCabe, the well known pitcher, spent the latter part of last week in Wilkes-Barre and on Saturday returned to Philadelphia. McCabe has signed to play the outfield for Holyoke in the Connecticut League and will leave for New England in a few days. McCabe was bothered last year with a sore shoulder, but seems to have fully recovered. If his arm turns out in action to be all right Holyoke will use him in the box later in the season.—Wilkes-Barre Record. McCabe is a brother of Arthur McCabe of the New Britian league team. Both young men are well known here, having lived in Monroeton with their parents for a number of years before taking up baseball as a profession. They are brothers of Councilman George McCabe of Towanda.

# THEY'RE OFF! VOTING BEGINS IN EARNEST FOR FREE TRIP TO BERMUDA

## Eighty Young Women Friends of the Towanda Printing Company Are in the List, Backed By Enthusiastic Supporters.

## SEE STANDING IN TODAY'S PAPER.

**NOTICE TO CONTESTANTS.**

**All coupons and votes mailed to this office in the Bermuda Islands contest must be fully prepaid. Please see that the full amount of postage is placed on each letter mailed.**

Voting is on. The Reporter-Journal shows the line-up in the contest for the Bermuda trip. Two weeks ago the Towanda Printing company announced this splendid complimentary, free trip to the "Summer Isle of the Winter Seas" for the young women of Bradford county. The contest bids fair to surpass all expectations. Interest on all sides was immediate and enthusiastic, and the publishers are more than pleased with the prospect of giving pleasure to so many of their friends.

Before passing to the vote, please consider one or two things that call for a word of explanation. The Towanda Printing company is going to give seven young ladies the time of their lives. The object, as stated at the outset ,is to get a little work done for The Daily Review and The Reporter-Journal. We want a great many new subscribers. That is the reason the company can afford to spend a good deal of money to give these trips. Some subscribers have asked why 2,200 votes are allowed on a new yearly paid in advance subscription, and only 1,100 votes for an old subscriber who renews for one year. The answer is obvious—because new subscriptions are wanted. That is the object of the contest.

But because it was desired to be more than generous it was decided to allow something for old subscribers who renew, and so the rule as printed elsewhere was made, viz:—2,200 for new yearly subscriptions and 1,100 for renewals on The Daily Review. The Reporter-Journal allows 1,200 votes for a new subscriber and 600 votes for an old subscriber paid a year in advance.

The girls will not experience any difficulty in getting any number of these, because The Reporter-Journal is the most popular newspaper in the county and the price is so reasonable. It gives all the news of the county all the time. Contestants should find it easy to get Daily Review subscribers to sign for a copy of The Reporter-Journal for an absent friend.

It is easier to get renewals than new subscriptions. Our friends will therefore see why we have made the rule, and we trust they will se the fairness of maintaining it. Everyone who has heretofore been paying for The Review by the month, will, if they subscribe for a period of six or twelve months, be considered new subscribers.

Below will be found a list of the contestants. This is the initial announcement of their standing, and will relieve a good deal of suspense, as an intense interest has been aroused as to "who's who," up among the leaders. Many candidates have hesitated, fearing it would be too late to enter, but there is every opportunity for a "dark horse" to be a contestant in any of the six districts. "Fortune favors the brave." Send in your application now, if you name is not among the list. If your name is there go in and demonstrate to the friends who nominated you that their confidence in you was not misplaced. The lethargy on a part of a number of the contestants is a source of much surprise to the contest manager, considering the honor attached to winning such a trip as this.

One girl's chances are just as good as another's.

The prizes will go to the girls who stay in and keep at it.

Stick-to-itiveness is what counts in war, sports or business. One may enter unknown and finish by being famous. You can win by trying and your frieds will help you if you help yourself.

The Towada Printing company pays all the bills. Railroad, steamship, theatre, automobile and carriage hire, boat rides—everything that necessitates an expenditure of money. There will be prizes for the girl who gets the most votes for certain periods. These votes will also count for her to win trip.

Send in your name now and win some of the prizes. The best people in the United States spend their winters and summers in Bermuda. You will go to every place, see everything, and it will cost you nothing. ARE YOU GOING?

**Nothing Succeeds Like Success.**

There is an old saying "that nothing succeeds like success" and it is especially true in this case, that is as soon as you begin to get votes your assurance rises and you have more confidence in yourself and you are able to meet people and talk to them in a way that surprises you. The training you get in a contest of the right kind is of inestimable value to you and will help you to hold an advance in a position that you otherwise would not have the confidence to try and fill. Just start in with the determination that you are going to be one of the winners of the delightful trip and that is half the battle. Then your vote will go up leap, and bound and your friends will see that you are making a stronger effort to win and they will pitch in and help you. You know everyone wants to be on the winning side and you will get votes from sources that will be a very pleasant surprise to you sometimes, so the word to conjure with now is "hustle."

The girls are working hard, so help them win and send your votes to The Daily Review Office to be counted for your favorite.

Now that the results of your work is being recorded in this paper, and your friends are helping you by bringing in their coupons, you should do all in your power to help yourself that you may win the period closing prize and the much contested educational tour to the Bermudas from your district, at the end of the contest. The way to go about helping yourself is this:

First, If your friends do not subscribe regularly for the paper ask them to do so. This will give you a large number of votes and a good start. Second, then ask your married brothers and sisters to subscribe and save the coupons for you. By doing so you will get both the benefit of the new subscription and the daily coupons which they will save for you.

Third, tell your other relatives and friends what you are trying for and ask them to subscribe and save their coupons for you. They will all be only too glad to help you, and you will thus have three or four subscriptions and several saving their daily vote coupons for you.

The Daily Review and Reporter-Journal are growing by leaps and bounds they print all the news, and **only such news as is fit to read in the most refined homes.**

When you have consulted all your relatives and secured their support the next move is to ask all your friends to clip the coupons from the papers and vote them for you. If their fathers do not take either the Daily Review or Reporter-Journal see them, tell them what good papers they are how well they carry the news of the county to the many homes, how much they will save by the year if they subscribe instead of buying single copies, and ask them to cast their votes for you. Then ask your brother to mention you being in the contest to his friends, and if they have not already promised their votes to someone else, to get them to support you.

When your friends have all consented to work for you, the next move is to ask the merchants with whom you trade. They value your patronage and will aid you gladly.

So much for new subscriptions. There are any number of old subscribers who take the paper daily, or weekly whose time is about out, who are only waiting for some young lady to ask them to renew and give the vote to her.

Should any subscriber be in arrears, induce him to pay the amount due and renew his subscription. The contest manager will credit you with old as well as new subscriptions. No votes given for less than six months subscription to either paper.

See the prospectus rates are given in detail on last page. Should you not have any, send to us for some. Several young ladies seem to be in doubt as to whether they must secure all their subscriptions and votes in their districts. A contestant must enter from the district in which she lives, in no case can she enter from the district in which she may be employed, but she can obtain votes anywhere in Bradford county or the United States at large. It is as fair for one as another.

Candidates can enter any time during the contest, but it is better to start early.

The young ladies should either call or send to the Towanda Printing company's office for blanks, etc, necessary in aiding them in their work.

The following is the standing of the fair competitors:

**Numerous Passengers on the First Trip to Towanda.**

Monday's Williamsport Gazette and Bulletin says: "What may be considered as marking an epoch in local railroad activity was the inauguration on Sunday of through service on the Susquehanna and New York railroad from this city to Towanda, giving a short route to an important territory. The service was inaugurated most successfully and the trains on their first day's run got through right on schedule time. It takes three hours to make the run from the Pine street station, this city, to Towanda.

"There were an hand at the S. & N. Y. Junction above Newberry both officials of the S. N. Y. and the New York Central, to see that the connection on the first day was made satisfactorily. Division Superintendent Dinan, and General Agent Brainard, of the New York Central, and President and General Manager P. M. Newman of the S. & N. Y. were at the Junction and were pleased with the manner in which the service was inaugurated.

"On the first trip the first S. & N. Y. passenger train to run from this city to Towanda carried numerous passengers which of course was gratifying to the officials of the S. & N. Y. None of the officials of the road made a demonstration, preferring to open the road quietly.

"A very short route from this city to the North Branch of the Susquehanna is afforded by the new S. & N. Y. line, which also affords ready access to points in Northern New York. At Towanda the Lehigh Valley connection is made by the S. & N. Y., the freight and passenger service inaugurated on Sunday therefore giving a short and satisfactory route into an extensive and important field.

"Under the schedule for the service inaugurated Sunday the Susquehanna and New York railroad will run two passenger trains daily, both north and south, between Williamsport and Towanda. The trains will connect at the S. & N. Y. station at the upper end of the New York Central yard with the New York Central trains that will leave Pine street at 7:20 a. m. and 2:35 p. m. The S. & N. Y. trains from the north will connect with the Central trains due at Pine street at 9:45 a. m. and 9:30 p. m. At Marsh Hill Junction connection will be made with the Northern Central trains leaving the upper Pennsylvania station at 7:15 a. m. and 3 p. m."

The hearing in the application for a charter for the Bradford County Traction company will not be held before Governor Stuart at Harrisburg today. Lilley & Wilson, attorneys for the Waverly, Sayre and Athens Traction company, have been notified that the hearing will be postponed to a date two weeks later, at which time all parties will be requested to be present. At the same time the application for the charter comes up, the Governor has said that he will also hear the application for extension rights asked for by theW. S. & A. company. The papers in the case have been filed with the Secretary of State, and copies have been served on J. C. Ingham, attorney for the Bradford County Traction company.

When the application for the charter comes up before the Governor, if Messrs. Kipp, Hill, and Haverly will under oath testify that they want the Bradford County Traction company incorporated for the purpose of building a street railway in Towanda, and from Towanda to Athens, then the W. S. & A. company will withdraw all objections. If they refuse to make clear their real intentions, then the Governor is to be petitioned not to grant the charter, but to grant extension privileges to the Waverly, Sayre and Athens Traction company.

**Roman Soldier.**

Says the Athens Evening News: Stephen' O. Allen, one of the bold soldiers boys of Rome, is visiting his niece, Mrs. George W. Miller, South Main street. He spent the Winter at Fortress Montroe and Hampton, Va., and witnessed the return of the naval fleet. He says it was a magnificent sight during the maneuvers at night with every vessel illuminated with colored lights. He tells some pretty large fish tales but his photograph of a whale forty two and a half feet long corroborates them."

## EXTENSIVE ALTERATIONS IN FROST'S SONS' FACTORY

**New Machinery Being Added and Capacity Increased.**

Extensive alterations are being made in the J. O. Frost's Sons' big furniture factory. The machinery is being moved to give the workmen more room, new machinery is being installed, and when the changes have been made it is expected that the capacity of the factory will have been increased considerably.

All the bench work hereafter will be done on the third floor instead of on the first floor. Some of the machinery is being moved from the first to the third floor to give more room on the lower floor. Heretofore all the veneer work has been done on the third floor, the work being taken from the first floor to the third then brought back to the second, then down to the first again, making much extra work in taking it up and down on the elevator. Under the new arrangement the raw material will be taken in on the first floor, and in the course of it's transformation into high grade furniture will be taken to the second and third floors, and when it reaches the third floor it will be the finished article.

A new double cross cut saw, veneer press and also a case press is being added to the equipment. The company has a large number or orders, and later on may have to increase the working force of their factory. With the new arrangements completed, the workmen will have more room in which to work, greater safety and will turn out more furniture.

**From Down Wyalusing Way.**

Mr. and Mrs. Jerry Buckley Vanderpool from down Wyalusing way, came to the City of Promise Thursday evening to visit their newly married son. They partook too freely of appetizer, so tis said, and while wandering around on Pine street, were captured by Special Officer Fred Mitten. Upon being arraigned before Burgess Frost, they were given their freedom providing they would desert the county seat, which they promised to do if they could make a touch of the county commissioners for enough wherewithal to get back to Wyalusing. A second thought entered Jerry Buckley's think tank and he figured that he could borrow $2 from a friend, and they were allowed to proceed on that mission which should have as it's end the leaving of Towanda.

**Big Show at Family.**

They gave a refined act which brought forth thundrous applause. Charley Vann has been seen in Towanda before, having appeared here during the season of 1907-8 with Vogel's minstrels. Last season he was with Wm. H. West's big minstrel company. He and his brother make a clever team and their work last night was gilt edge. ## ABOUT SAN JOSE SCALE IN TOWANDA.

**Tree Inspector Knuppenburg Gives Some Advice as to Spraying.**

There is no term in horticultural practice more abused, as a comm expression, and less understood in its definite application, than that of spraying. Some fruit growers understand that they should spray for anything and everything and consequently make a mistake. Spraying is only one of the many means of suppressing or controlling plant pests, including insects and diseases. It is by no means the only method the horticulturist should practice in order to produce perfect fruit. Combined with spraying, should be proper pruning, fertilization of soil, cultivation and care of trees, similar to the care given to the so-called sultivated crops as well as additional means of pest suppression, such as destroying the fallen fruit, thinning heavy crops to prevent over-bearing and breaking or weakening of trees, cutting out diseased or blighted parts and burning promptly, gathering and burning fallen leaves diseased with fungi or blight are necessary in every well kept orchard or grounds.

I have visited nearly every place where trees or shrubs are grown in Towanda and find that three-fourths of the places are infected with San Jose Scale which means death to trees unless treated promptly with some material that will kill the scale but not injure the tree. You should cover the trees or shrubs entirely with this material, from top to bottom.

We therefore recommend to you spraying with lime-sulphur wash made by boiling unslacked lime with flowers of sulphur using five pounds of lime and four pounds of sulphur, in enough water to boil it for one hour, stirring occasionally. After boiling add enough water to make the entire amount equal to twelve gallons. Strain well through a cloth as fine as it can be made to pass through or fine strainer. Give the trees and shrubs two coats of this material before the buds burst in the spring.

The prepared lime and sulphur will serve the same purpose and much easier to use as you have only to dilute it with a certain amount of water and it is ready for use.

Messrs. Dye & Bresee have agreed to put in a stock of spray materials from a reliable house also small glasse for detecting San Jose Scale and other pests. It is the proper time to do spraying and to neglect it or let them go unsprayed another year means loss in vitality of trees and increase of pests. A word to the wise is sufficient.

D. A. KUNPPENBURG, Inspector.

## WORK OF THE STATE LAW MAKERS AT HARRISBURG

**Governor's Across State Highway Bill Goes Through—Other Bills.**

Governor Stuart's pet measure, the building of a state road from Philadelphia to Pittsburg, was passed by the House of Representatives Monday night by a vote of 107 to 82. It required 104 votes to pass the measure so it will be seen that there were only three votes to spare. Representatives Moscrip and Mills of Bradford county both voted against the bill. The appropriation which the bill calls for is $500,000. It is believed that the Senate will pass the bill and it will become a law.

**Pension Bill Passed.**

The Reyburn pension bill appropriating $1,700,000 for pensions to emergency and ninety day men was passed on Monday night finally by the House by a vote of 189 to 2. Representative S. B. Scott, of Philadelphia, and Magee, of Pittsburg, were the only opponents of the measure.

The leaders have announced that the bill will be defeated in the Senate. The House in passing the bill did so, the floor leaders say, in retaliation for the action of the Senate in placing the responsibility on the House for defeating the soldiers' pension bill in the 1907 session.

This bill provides a pension for all men who served as emergency recruits or ninety-day men from Pennsylvania during the Civil War. Then pension is fixed at $5 a month for these veterans who do not have an annual income of more than $500.

**Salary Raiser Goes Through.**

That perservance and persistency pays even in legislative matters, was evidenced Monday night when the judges' salary raiser bill, which was defeated last week, was reconsidered, went through by a vote of 126 to 62. Late Wednesday it lacked five votes of passing, while tonight it exceeded the constitutional majority by twenty two votes. Only one speech was made in its favor, while several representatives opposed the increase in very strong language.

**Two Important Bills.**

Of the many bills passed by the Legislature, two are of more than ordinary importance to the people at large. One is the prohibiting of spitting in public places, and in all cars and public vehicles. The other compells all hospitals receiving State aid to furnish private rooms for firemen who fall sick or are injured while on duty.

**$25,000 For Packer Hospital.**

The House of Representatives at Harrisburg has passed a bill appropriating $25,000 to the Robert Packer hospital at Sayre. The bill has been sent to the State Senate for concurrence.

**Safe and Sure.**

Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough we shall be at a loss to know what will. At druggists, and dealers', 25c.

**BURNING ECZEMA QUICKLY SPREAD**

**Started Like Ringworm on Hand—Hand Swelled and Then Humor Spread to Arms, Legs and Face—It was Something Terrible.**

**PRESCRIPTIONS FAILED: CUTICURA CURED HIM**

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm, and made very light of it. He gave me a wash and told me to apply it before going to bed and all would be over in the morning. But the next morning my hand was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was well I poulticed it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further.

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is one of the best remedies to heal a sore or other injury rapidly. I can freely and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure I am not making a mistake. C. Burkhart, 236 W. Market St., Chambersburg, Pa., Sept. 19, 1908."
